Q.2. With reference to the Reserve Bank of India's (RBI) Guidelines on Penal Charges on Loan Accounts, consider the following statements:

1. It prohibits commercial banks and finance companies from charging borrowers' penal rates on loan defaults.

2. Penalties charged for non-compliance of the material terms and conditions of the loan contract by the borrower should be treated as penal charges.

3. There is no upper limit cap on penal charges.

How many of the above statements are correct?

A) Only one

B) Only two

C) All three

D) None

Answer : C

- ✓ The Reserve Bank of India's (RBI) latest guidelines on penal charges on loan accounts have come into effect recently.
- ✓ About RBI Guidelines on Penal Charges on Loan Accounts:
- ✓ The norms prohibit commercial banks and finance companies from charging borrowers' penal rates on loan defaults or any other non-compliance event.
- ✓ Under the new rules, penalty, if charged, for non-compliance of the material terms and conditions of the loan contract by the borrower should be treated as 'penal charges'.

- ✓ It cannot be levied in the form of 'penal interest' that is added to the rate of interest charged on the advances.
- ✓ There should be no capitalisation of penal charges; that is no further interest computed on such charges.
- ✓ The material terms and conditions will be defined as per the credit policy of the bank, and they may vary from one category of loan to another, and from bank to bank based on their own assessment.
- ✓ There is no upper limit or cap for penal charges. However, the guidelines stipulated that the quantum of penal charges would be reasonable and commensurate with the non-compliance without being discriminatory within a particular loan category.
- ✓ The guidelines also mentioned that the penal charges in the case of loans sanctioned to individual borrowers for purposes other than business will not be higher than the penal charges applicable to non-individual borrowers for similar non-compliance.
- ✓ These guidelines will not apply to credit cards, which are covered under product specific directions.

- ✓ About Voter Verifiable Paper Audit Trail (VVPAT):
- ✓ It was first introduced in India in the 2014 Lok Sabha elections.
- ✓ It is an independent system that consists of two parts, namely, a VVPAT Printer and VVPAT Status Display Unit (VSDU) attached to the Electronic Voting Machines (EVMs), that allow the voters to verify that their votes are cast as intended.
- ✓ When a vote is cast, a slip is printed containing the serial number, name, and symbol of the candidate and remains exposed through a transparent window for 7 seconds.
- ✓ Thereafter, this printed slip automatically gets cut and falls into the sealed drop box of the VVPAT.

- ✓ How is VVPAT used for verification?
- ✓ The results of EVMs can be verified using the slips kept in the drop boxes of VVPAT machines.
- ✓ VVPAT can be accessed by the polling officials, but not by the voters.
- ✓ The paper slips are deemed to be more authoritative than EVM tallies in cases where VVPAT slips are utilised to verify votes.
- ✓ Voter verification, however, is only done in extreme circumstances, such as when there are accusations of fraud or miscalculation.
- ✓ The ECI has the authority to request that votes be verified using VVPAT slips in response to such complaints.
- ✓ The ECI has clarified that EVMs and VVPATs are separate entities and are not connected to any network.
